PROFILE

I'm Ishan Pradhan, a BIM student at NCCS College, Kathmandu. I'm actively looking for opportunities where I can apply what I've learned and develop new skills. I'm committed to working hard and contributing to the team while growing professionally. I'm eager to learn, adaptable, and genuinely excited about being part of a team that makes a difference.

WORK EXPERIENCE

2023
Great Compassion fund website

Freelance Web Developer

- Created a static website for the Great Compassion Fund using HTML, CSS, and JavaScript.
- Focused on building a clean and user-friendly design that aligned with the organization's mission.
- Developed the project without backend functionality, delivering a simple and informative front-end experience.
- Worked closely with the client to meet their specifications and completed the project within the agreed timeline.

PROJECTS

- Kimdo Pashmina - E-commerce website
