SEE (Grade X) | **CGPA -3.60**

Kathmandu, Nepal

PROJECTS

Kimdo Pashmina [↗](#) | [React.js](#), [Node.js](#), [MongoDB](#), [Express.js](#), [TailwindCSS](#)

- Developed a fully responsive e-commerce website for Kimdo Pashmina as a summer project.
- Implemented a robust payment gateway using Khalti's test API.
- Integrated essential e-commerce functionalities like product catalog, shopping cart, and order management.

Recipe Blog Platform [↗](#) | [React.js](#), [Node.js](#), [MongoDB](#), [Express.js](#), [TailwindCSS](#)

- Developed a responsive cooking recipe blog platform with role-based access control using the MERN stack.
- Implemented core features including admin-only recipe publishing, structured categorization, and an intuitive user interface for seamless browsing.

ACTIVITIES

Hackathon

Virtual Vision [↗](#) | **(1st Runner-Up)**

12/2024 | NCCS Hackathon PLUS+

- Developed a virtual eyewear try-on feature using React, integrating a face mesh library for facial recognition.
- Worked with a cross-faculty team to implement the UI, contributing to the creation of a functional prototype.

SKILLS

Technical Skills: HTML, CSS, JavaScript, React.js, Node.js, MongoDB, Express.js, MySQL, Figma

CERTIFICATIONS

- MongoDBNode.js Developer Path (MongoDB)
